The Commissioners have resolved to make the bye-law relating to the assessment & collection of taxes on dogs permanent from 1st June 1912, & forward a notification for publication in the Gazette of India. It, however, appears that the procedure prescribed by the Municipal Law in regard to bye-laws has not been observed. The bye-law which was enacted as an experimental measure for one year was passed by the Commissioners after complying with the formalities indicated in section 180 of the Municipal Law & confirmed by the President under sec: 139 (1) - The present proposal to make the bye-law permanent must if it is submitted, be submitted in accordance with sec: 180 & confirmed under sec: 139 before a notification embodying it is published in the Gazette of India - If approved, the President may be informed accordingly -

I feel a little doubtful as to the proviso to Section 10. A person ceasing to possess a vehicle or animal is entitled to a refund of the tax, as Section 10 is at present worded. The proviso seems to practically make the first part of the Section a dead letter, since in 99 cases out of 100 when a person ceases to possess a vehicle or animal he sells it to some one else. If however I possess a horse, unless I sell it to some one not residing in the Station, I am not

entitles to a refund. Even so, last wording of the proviso seems hardly correct. If I cease to possess a vehicle it throws charges hands & the wording in both amendments shd run "charges hands to the person residing within the limits of the C of S Municipality." Personally I feel inclined to simply ~~place the~~ make an amendment to para 1 of §7 as follows "Each license issued —— & cannot be transferred to any other vehicle or animal." It would then be for the person ceasing to possess the animal to apply if ~~he~~ he wishes for a refund. If he does not apply & the purchaser or new becomes liable to the tax.

Under sec 41 (41) (c) of the Bangalore Municipal Law, vehicles & animals are the objects of taxation, and consequently, when the tax has been levied in respect of a vehicle or animal during the year, it is not liable to a fresh tax during that year when it passes into other hands in other words. The tax is, as in the case of buildings, a tax on property (and not on persons), and so,

Taxation on bicycles including motor cycles.

8.9(D) When the Taxation on Animals & Vehicles was originally levied in 1900, a half yearly tax of £ 1-8-0 was paid on bicycles or tricycles. In June 1900, bicycles & animals belonging to the members of the Station Police & officers of the Municipality employed on out-door duties not exceeding one bicycle & one animal each providing for each such officer was exempted from the tax. This exemption appears to apply equally to tricycles or motor cycles which these officers may find it convenient to maintain in respect of their out-door Govt. or Municipal duties. The exemption reads thus may perhaps stand as it is, and acted upon by the Municipality with liberal interpretation. ~~You seem to be in need to amend the existing restriction~~, but the Commissioners wish to make the matter very precise, they might recommend that there is no objection with a remark that tricycles must also be included in the "explanation" which it is proposed to

Bye-law relating to dogs.

Section 5 of the Municipal Bye-law relating to dogs provides for the issue of a Renewed Collar, (along with the licence) to which is attached a badge. This supply is free but if in the course of the year for which a licence has been issued, the collar or badge is lost a new one shall be obtained on payment of 8 cents in respect of collar & of two cents in respect of badge (Sec 7).

2. The Municipal Commissioners propose to charge for the first supply of the collar probably because the fee of dogs licensed is on the increase. It is not clear why the first supply of badge should escape payment. Since a licence for any one dog is denied on dogs, it seems reasonable that the first supply of collars & badges should be free, but if it is necessary to charge for such first supply, it is not understood why collars alone should be charged for & not the badges also.

SUBJECT.

Exemption from certain municipal taxes of nurses in the Station Hospital, Thursday

The Officer Commanding Station Hospital, Thursday, has asked the President, Municipal Commission, to have the nurses employed under him exempted from all taxation for dogs, horses, vehicles, etc. It is not clear what is ~~wanted~~ included in etc. All taxes & the reasons for them in detail & the grounds on which exemption might be explained.

2. When all information for proper understanding of the proposal have been furnished, the President of the Commission will, in the writing choose, obtain ~~get~~ the order of the Commission, & if exemption is passed by them, refer the Commission's resolution to the Resident for confirmation under Sec. 46(2) of the Thursday Municipal Laws. Apparently, the President wishes to avoid the risk of

S. 1.—B. P. B.—2-1914.—10,000

of a reprisal of the proposal by the Commissioner & has submitted the matter for Resident's order under the section cited above with the recommendation that tax on horses & vehicles alone be exempted.

3. It may be observed that the proposal which involves a general principle & is of general application to municipalities must be sent to the Residency through proper channels. The Officer Commanding adds, it is submitted, refer the question for the consideration of his higher authority who would move the G.O.C & he would probably address the Division authorities. If these are satisfied that the proposal is reasonable, the matter will come up to the Resident (Local Govt.) for disposal.

4. It will suffice for the present if the Municipal President were to be told that Govt. desires to refer the matter to the Residency thro' the proper channel. (The matter may perhaps be discussed at the Tuesday meeting)

I think Mr. Cox is right in regard to the proposed exemptions. Horses & Vehicles may be exempted but carting our dogs. A dog is a quite unnecessary luxury. There are however two points wh. might be discussed at the business meeting.

(1) Is the proposed exemption likely to lead to other applns.

I think practically all non-cons are apt present exempted e.g. the managers of the Dairy & grass farms. ~~The dogs~~

I think also that officers pay nothing for their chargers.

(2) It would be ordinary letter for these matters to be referred to the Commission in the first instance. We don't want to take action on their hands unless it is nec^y. Perhaps Mr. Cox thinks that the Commission wd. object. A somewhat similar case came up in regard to the exemption for motor taxi for Soldiers' dependants.

SIR,

I have the honor to forward herewith a copy of the resolution passed at a Special Meeting of the Commission held on the 29th February 1912 exempting the Assistant Commanding Royal Engineer, Bangalore, from payment of tax on his bicycle and to request that the Hon'ble the Resident may be pleased to confirm the same under the provisions of Section 46(2) of the Bangalore Municipal Law.

2. Considering the fact that the Assistant Commanding Royal Engineer largely uses his cycle in the services of the Municipality, such as supervision of Meter Readers' and Water Inspectors' work, inspecting and reporting on Municipal works referred to him for opinion by the President, supervision of works relating to extensions of water supply and private house connections sanctioned by the Municipality, &c, the Commission are of opinion that for purposes of exemption of bicycle tax, the Assistant Commanding Royal Engineer should be considered an Officer of the Municipality.

3. I fully concur in this view, but, should any technical objection arise that the Assistant Commanding Royal Engineer is not a paid or full time Municipal Officer, I would request

request that he may be exempted from payment of bicycle tax, as a special case.

SIR,

(R) Sec. 68 In compliance with para 3 of your letter No.2032 dated the 1st April 1911, I have the honor to submit a brief report on the working of the Byelaw brought into force on the 1st June 1911.2 1912 relating to the Assessment and Collection of tax on dogs.

Sec. 69 (a) (H)

2. There is no doubt that the introduction of this Byelaw has considerably abated the dog nuisance in the Station. From 1st June up to the end of March last 818 stray or unlicensed dogs were destroyed in the streets by the Health Department. There was, however, a good deal of difficulty in getting men to catch stray dogs; they were not to be had locally so a couple of men were got from Madras, but they worked for only 40 days and then disappeared; we have now succeeded in getting 2 men from Madras and they have signed an agreement that they will remain here to catch dogs for which they will receive four annas for a bitch and annas 2 for each dog and 1 anna for a pup.

3. From June to March last 1084 dogs were impounded and of these 439 were caught by the professional dog catchers, 454 by the low caste men and sweepers for the sake of the reward given under Section 14(1) and 191 by others. 203 dogs were released on payment of the prescribed fee of one Rupee

Rupee per animal; and the remainder 881 were destroyed; making a total of 1699 got rid off during the year.

4. Rabid dogs when caught were at once destroyed and their brain sent to the Pasteur Institute when deemed necessary. Thirty-six cases of dog bites were registered from July 1911 to March 1912, and of this 10 were caused by rabid dogs: nine of the persons were pursuaded to go to the Pasteur Institute at Coonoor and they have all returned successfully treated. The remaining case preferred local treatment and is doing well.

5. A sum of ₹s 1,418/- was received during the year for dog licenses in accordance with the Byelaw, a collar & badge was issued with each license; in some cases they were returned, the owners sending their own dog collars to be numbered and badged.

6. The collars and badge cost ₹s 339/- the feeding charges amounted to ₹s 56/- the rewards paid ₹s 217/- and the upkeep of the pound cost ₹s 36/- or a total expenditure of ₹s 648/- against which we have ₹s 1,418/- for license fees; ₹s 203/- from dogs released and ₹s 1-12-0 for duplicate collars and badges issued; giving a net income of ₹s 974-12-0.

7. No complaints have been received on the working of the Byelaw during the year.

8. I may add that Section 3 of the Byelaw, which empowers the President to cancel a license has been of practical use on several occasions where dogs have proved themselves a local nuisance, and has enabled me by its mere existence to induce several owners to exercise a proper control over such dogs.

I have the honor to be,

To,

P. B. WARBURTON ESQUIRE, I. C. S.,
First Assistant to the Hon'ble
the Resident in Mysore, BANGALORE.

SIR,

I have the honor to request the favor of the Hon'ble the Resident's order on the following point.

The question has risen lately whether the term bicycle, used in Appendix 10(i) to the Bangalore Municipal Law, a resolution exempting persons from tax on vehicles, includes a motor bicycle with or without side-car.

The said resolution was passed in 1900, when motor cycles were hardly, if at all, known in India.

When the schedule of rates of the vehicle and animal tax (schedule A to Bye-law 3 Chapter II) was ~~raise~~ revised in 1908 so as to impose a heavier tax on Motor cycles, opportunity might have been taken to modify also the wording of appendix 10, but this was not done.

In my opinion the spirit of the resolution is to exempt certain persons from payment of taxes on vehicles (to a certain limit) used by them for performing their duties and I see no reason why an officer who prefers to possess a motor cycle and is thereby enabled to do his work more quickly and efficiently should be refused exemption from the payment of the tax of Rs10/- and in my opinion a motor bicycle is still a bicycle.

The further question arises, however, whether a motor bicycle with side car attached is a bicycle.

If anything it seems to me to be a tricycle.

If so then such a vehicle is not covered by -- the exemption in appendix 10 (i).

I request the favor of the Hon'ble the Resident's ruling on the subject, for if he agrees with my view I intend to move a resolution in the Municipal Commission that

(1) after the words "Motor Cycle" in schedule A to Bye-law 3, chapter II be added "with side car, if any".

(2) after clause (i) of appendix 10 be added ----- "Explanation: bicycle includes motor cycles with -- side car, if any"

I have the honor to be,

Sir,

Your most obedient servant,

SIR,

I have the honor to state that to remove an audit objection and with a view to continue the engagement of professional dog-catchers for the capture or destruction of dogs in the station, the Municipal Commission have, at their Special meeting held on the 24th September 1914, approved the marginally noted addition to section 14 (1) of Bye-law No. 3 A under Chapter II of the Bangalore Municipal Law and published it for objections in this office Notice No.4071 dated 10th October 1914. No objections having been received, the Commission resolved at their Special meeting held on the 30th Novr:14 that the amendment be passed and submitted to the Hon'ble the Resident for confirmation.

"Koravas or other professional persons employed by the Municipality for the capture or destruction of dogs will be rewarded at higher rates at the discretion of the President in addition to special concessions such as batta, train fare,&c, given to them."

(1) Sl 69(a)

2. I enclose a copy of the resolution and request that the amendment may, if approved, be confirmed and the accompanying Notification published in the local official Gazette.

I have the honor to be,
Sir,
Your most obedient servant,

SIR,

I have the honor to state that, at their special meeting held on the 31st January, 1918, the Municipal Commission passed a resolution that sections 1 & 10 of Bye-law No.3 (Assessment and Collection - Tax on vehicles and animals) under Chapter II of the Bangalore Municipal Law be amended as under:-

Section 1. Substitute the following for the present section:- "The tax on the vehicles and animals specified in Schedule A hereto attached at the rates mentioned therein shall be payable yearly commencing on the 1st day of April, and shall become due on the expiration of 30 days from the commencement of each year.

Provided that in the case of any such vehicle or animal newly come into the possession of a person in the course of a year, the tax shall become due on the expiration of thirty days from the date of such possession and shall be payable at the rate of one-half of the tax if possession accrued on or after October 1st; provided also that if any person ceases to possess any such vehicle or animal on or before September 30th and has paid the tax, he may be granted refund of one half of the tax.

Provided, that no person shall become liable to the tax on any vehicle or animal which has been in his possession for less than thirty days in any year.

Section 10:- Delete this section.

2. The amendments were published for objections in this office Notice No.6168 dated 5th February, 1918.

CRJ.25-3.
2/5/3

I put the following before the Standing Committee.

In 1911 Mr.Richards proposed that animal and vehicle taxes be payable yearly instead of half-yearly. This was accepted on the ground that half-yearly collection imposed a great strain on the executive.

Under the then existing rules if a person had an animal for 30 days in a half-year he had to pay the tax and there was no question of refund. This was felt to be unfair under an annual system and so a new clause was introduced as section 10 which reads:-

"If any person ceases to possess any vehicle or animal in "the course of the year for which he has paid the tax he shall "be entitled to a refund of ¼ of the tax for every complete "quarter of the year in which he was neither the owner nor the "person in charge etc."

The Resident's attention was drawn to the clause as being "equitable and desirable". But no provision was made for the case of persons coming into possession late in the year, e.g., as the rule stands if a man buys a motor car on March 1st he is liable to pay for the whole year. To get over this difficulty, it has been the practice to take full payment and then, by an extension of section 10, to tell the man to get a refund. The objections to this are (i) that the bye-law does not allow it and (ii) that the Commission takes money with one hand and then after elaborate procedure hands some of it back. This is calculated to bring the Commission into contempt and is a great nuisance to the public: it is also a great nuisance to the office. I suggest

(i) dropping quarters of years

(ii) providing for persons that come into possession on or after October 1st.
